Was Have a Wife in Brooklyn.

WASHINGTON. Oct. 17 Following closely the climax of a hunt for a husband on up the Versailles tunnel of the known as "Miss Eugenie Adams," which machine was supposedly finished when she conducted Harvey O. Brown of this city to the altar for the sum of \$200, Judge Charles rending an examination of the damage S. Bundy of the Municipal Cours of the District to-day received a letter from Mrs. H. F. Dilks of Brooklyn, N. V. ferent railway termini. These attempts, expressing the belief that Brown, the

bridegroom of an hour, is her husband. Mrs. Dilks was deserted by her husband on August 10. She saw Brown's picture in a New York paper and was impressed with the strong resemblance to her missing spouse. She clipped the picture and with drawn sabres finally dispersed the umiled it with a photograph of Dilks to Judge Bundy. On the back of the photograph she gives a description of her husband, which the Judge believes fits the man he married to the Hungarian heiress.

Judge Bundy after learning the identity of the woman he married to Brown declared the marriage to be invalid under the terms of the contract entered into. No attempt was made to-day by the which set forth that the couple were to

WIRELESS HUNT FOR NELLMAN'S AIRSHIP

PRICE TWO CENTS.

Shore Stations and Ships at Sea Comb the Air Without Result.

MAY BE BLOWN FROM ROUTE

Backers Think He Has Reached Point Where He Would Head Across.

The straines people fabout the air all day vesterday and last night for Walter Wollman and the dirigible America, but liners was the answer to the incessaget call W N W N W N stricbilating from steamships on the North Atlantic lanes. and from the many public and private efections along the coast.

At the case Wellman and his crew were sending along the America, the airship if still aloft should have been of Sable Island, N. S. at s. o'clock last night. Bank has stopped payments and a re- but the Marconi station at Camperdown, N S couldn't connect with Jack Irwin, the wireless operator of the America.

had received wireless word from twenty-Dr Crippen, now awaiting triol for the five Atlantic liners, none of which mentioned the America, although all of them presumably had been calling to frwin for a tip as to his whereabouts. The READS BY A LANTERN FLY. westbound Italian, San Guglielmo, reported herself 200 miles east of Sable Island at 7 to o clock last night and she had no news of the America. The Corived last night from Demerara. Para- himbia crackled her own location to the maribo ami Trimbal, has en board two Marconi station at Cape Bace, but gave

From Nantucket to Cape Race the wireless operators logged ships who asked for on their backs behind their heads and news but had no news to give. Many of Capt. Haasnoot says he can read by their them were in positions where they might have been expected to hoop up aerials with the America. The Numidian was off Cape Race, as were the Ivernia, the kept them in his quarters during the pas- President Grant and the Teutonic. The Sable Island wireless questioned the Cedric hopefully when they caught her 135 miles southwest of Sable Island, because she was about where the America. should have been, but the Cedric knew nothing. Also southwest of Sable Island were the Madonna. La Gascogne and the POPE REBUKES PORTUGUESE. Kroonland, but they shoved on, with only formal reports for the station logbooks.

With no word from Weilman in thirtysix hours since 12:10 P. M. on Sunday when Jack Irwin flashed that all was to recall Mgr Tonti, the Papal Nuncio to well the friends of the America's crew were getting anxious at midnight last night. There was absolutely no indication as to where the dirigible had veered-FIGHT AHEAD FOR THE D. A. R. whether she was still pegging away toward Ireland or whether she dropped somewhere on top of the United States or in Canada's basement.

If the America is still sailing she has of dirigibles, possibly all records for enman's backers were figuring that he had

They knew that Wellman would decide limingar that is kept warm for him at Atlantic City Weliman fold them before he was pushed off on Saturday morning that he would start back for Atlantic CLA he moment that he and his men decided that the voyage to Europe is impracticable Leroy Chamberlain, Walter Wellman's son-in-law, said last night.

"So far as we can make out by study of the maps and charts which we have! the America has reached a point where is can be decided whether there is a chance to reach Europe. It is almost safe to say that this decision is being reached now or will be reached within the next few ours by the men aboard the America I believe that the America at nightfall to-day was off St. Pierre, Newfoundland, and had turned east almost directly in the transatlantic steamship lane. We are confident that some message showing our calculations to be correct will soon reach one of the wireless stations.

Wellman asked President Salus of the Atlantic City syndicate that is backing the venture, to keep the America's hangar up and ready for him. Lots of folks along the Boardwalk and around the hotels were betting, that Wellman would reach the hangar before he did Ireland. They were willing to hand it to Wellman and especially Vaniman for an apparently sincere attempt to reach

Mrs. Wellman, her daughters, Mrs but she kept optimistic and even dis sent buildings as soon as the leases so as to be on hand if the America suc-

steamships and to stations away up along

"I have asked the highest powered stations to speak the America," said Miller, "and if there is any way of getting word we'll get it." But Bob Miller, like most of the other

wireless people, had begun to figure late
